What is Live Local Longer?

Live Local Longer is brought to the Williams Community by the Williams Community Resource Centre who have collaborated with InCasa Country and Mable Support Services. Together we are able to bring in home aged care to Williams and surrounding areas, allowing people to remain in our community and in their own home longer.

It is a model that draws on 'locals supporting locals' through coordination from a local group and oversight of an approved aged care provider.

Our Community Needs You!

- **Do you enjoy helping others?**
- **Are you looking for some work within the Williams region?**
- **Do you have any skills that our local community could benefit from?**

To enable the services required by older residents in our region, we are looking for people who have skills and experience in a variety of work, industries and interests.

Through the online platform Mable (www.mable.com.au), you can sign up as an independent support worker and match with clients who are in need of the services you are able to provide.

Examples of services includes but is not limited to Personal Care, Transport Services, Domestic Assistance, Social Support, Meal Assistance, Nursing Services and Home Maintenance Services.

How it works

- Work as a sole trader, embracing the flexibility of being your own boss.
- Choose who you work with, when and the rates you charge.
- Make meaningful connections, allowing you to deliver the best support possible.
- Have insurance provided for including public liability, personal accident and professional indemnity.
- Gain access to free education with opportunities to participate in accredited training.
- Earn more per hour through the on line platform, with Mable contractors receiving the agreed rate, less 10%.

What is mable?

Mable is an online platform that directly connects seniors with independent support workers.

It is the place where you find jobs posted, offer your services, create agreements with clients, submit timesheets and coordinates weekly payments.
